The first edition of what is "certainly the most important biological book ever written", one of 1,250 copies, 1,170 of which were available for sale. With reference to this book, Sir Julian Huxley wrote that "Darwin's achievement is the most powerful and comprehensive idea that has ever arisen on earth. It helps us understand our origins. We are part of a total process, made of the same matter and operating by the same energy as the rest of the cosmos, maintaining and reproducing by the same mechanism as the rest of life". This is certainly a rare opportunity to acquire a first edition of this seminal work which was written for non-specialist readers and which immediately attracted widespread interest and was taken very seriously generating extensive scientific debate over the years and shaping the understanding of our evolution that is central to modern understanding of the subject. £10,000.00 - £20,000.00
